

Prepared For: Texas Board of Nursing

Name: Assumpta Oluchi Uma

Date of Birth: August 15, 1983

CGFNS ID Number: 7405329

Social Security Number: No

Other Name(s): Assumpta Oluchi Onyeji

Purpose of Report: RN Licensure - Initial Examination

Professional Education Summary

Comparability:

Comparable to the completion of a Bachelor of Science in Nursing program in the United States.

Education:

This applicant completed a Bachelor of Nursing Science program (2003 - 2009) at MADONNA UNIVERSITY in Nigeria. The institution is authorized by the Nursing and Midwifery Council of Nigeria to award the baccalaureate's degree. The language of instruction is English with English textbooks.

Documentation:

CGFNS International has prepared this report using transcripts and other documents sent directly from primary sources. The sending institutions attest to the authenticity of these documents and the accuracy of the information provided via official seals and signatures, which are further verified using CGFNS databases. Additional document forensic measures are applied as warranted.

Guidelines for Interpreting Report:

This CES Professional Report is advisory only. The assessment performed reflects the general comparability of foreign credentials to U.S. credentials and does not denote exact equivalences. The comparability determined is not intended as a substitute for the independent assessment and decision-making of the State Board of Nursing report recipient. Each state licensing authority sets its own standards for determining eligibility for professional licensure.

Evaluator Name: Moira Compton

Date of Report: March 18, 2022

Credential Analysis: Education

Credential:	West African Examinations Council Senior School Certificate
City:	N/A
Country:	Nigeria
Awarded by:	The West African Examinations Council
Government Approved:	Yes - 2005
Eligibility Requirements:	Completion of 12 years of primary and secondary school education of which the final three years are spent in preparation for the examination, in addition to regular classroom instruction.
Length of Study:	Not applicable
Completion Date:	June 2005
U.S. Comparability:	Comparable to the completion of high school in the United States.
Credential Details:	<p>The West African Examinations Council Senior School Certificate documents the results of external examinations administered by the West African Examinations Council. It is not issued by the student's secondary school. The Senior School Certificate replaced the West African Examinations Council General Certificate of Education-Ordinary Level in 1989.</p> <p>Grades 1-8 are passes on the Senior School Certificate, however, only grades 1-6 are considered passes at the General Certificate of Education-Ordinary Level.</p> <p>The applicant attained a total of seven Senior School Certificate passes. Therefore, the applicant meets the requirements for consideration for freshman admission to most colleges and universities in the United States.</p>
Comments:	This review of secondary school education is for the purpose of determining that the nursing education occurred at the post-secondary level.

Credential:	Bachelor of Nursing Science
City:	Elele
Country:	Nigeria
Awarded by:	MADONNA UNIVERSITY
Government Approved during Course of Study:	Yes
Eligibility Requirements:	Completion of eleven years of primary and secondary school education, with at least five passing grades in various subjects (including English and science) on the West African Examinations Council School Certificate, General Certificate of Education-Ordinary Level, or Senior School Certificate, or the Senior Secondary Certificate Examination administered by the National Examination Council (NECO).
Length of Study:	The Bachelor of Nursing Science program is five years in length for students directly out of secondary school. The program is shortened to four years for those with a diploma in general nursing, midwifery, or psychiatric nursing, or for those who have at least two General Certificate of Education-Advanced Level passes in biology, physics, chemistry or mathematics.
Completion Date:	September 2009
U.S. Comparability:	Comparable to the completion of a Bachelor of Science in Nursing program in the United States.
Concurrency:	Clinical hours were completed within 6 months of theoretical instruction.
Comments:	The applicant completed high school education after the nursing program, therefore the applicant meets the eleven-year secondary school education requirement.

	There was an error by the school when listing the applicant's dates of attendance on the "Request for Academic Records/Transcripts" form. However, CGFNS was able to verify the correct information by using the official transcript.
